## **Welsh Language Policy**

### **Policy statement**

We are committed to the bilingual community of Llanwrtyd Wells.

### **Literature**

Wherever possible, we will endeavour to have our literature, posters etc. available in both English and Welsh when displayed in Wales. LLWTA stationery where possible will be bilingual.

### **Welsh-speaking members**

Members are welcome to speak Welsh at meetings and social events.

### **Letters**

We will respond in Welsh to any letters we receive written in Welsh.

### **Other correspondence**

As the majority of our members are not Welsh speaking, standard letters and documents will be written in English, although we would endeavour to translate letters and common documents into Welsh if requested in writing to the Secretary.

### **Media relations**

If possible, whenever we make a press release, a Welsh spokesperson will be available.

### **Monitoring our policy**

We review the bilingual policy with a view to making improvements at the Annual General Meeting.
